How it installs

The whole pack is delivered through the LexLabs Lawmatics agency. After a quick onboarding (we email Lawmatics support and CC you to add your firm to our agency; you reply to confirm), we push it into your account in about one click. You then activate and customize, starting with each engine's setup guide.

Questions

Does it work for defense-side firms?

Yes. The intake routes employee and employer matters differently, and the nurture adjusts to the side you serve.

What about agency deadlines?

Deadline fields drive escalating reminders so an EEOC or DOL window never slips past quietly.

Installed for you, included. We push the pack into your Lawmatics, map it to your fields and links, customize the copy, and run a short review call. No setup fee.
